Commissioners' Report

In accordance with the Public Statutes of the State of New Hampshire, the Commissioners of Coos County herewith present the annual report of the County Commissioners, Treasurer, Superintendent of the County Farm, Jail and House of Correction, and other County officers.

Foreword

In submitting this, our annual report, we wish to say that we have done the best that we could under very trying and disturbing conditions. Our Almshouse and Jail are crowded and have been so for many moons. Prices of livestock and milk, our chief products, are very much lower than last year; the cost of maintaining our institutions has increased while our income has fallen off, owing to lower prices for our products and an increased consumption of milk and other food by our unfortunate inmates.

Many of our County Farm family have passed over the Great Divide during the year, and many of those who remain are sick and liable to leave us at any time; several have been taken from the institution to hospitals for treatment, and in every way those having charge have been charitable, humane and considerate for those less fortunate than ourselves.

We have greatly improved all of the County Farm buildings, Jail and House of Correction, and installed a

new seventy-five horse boiler for heating and laundry uses. The buildings were never in better condition, but our water supply is causing us a great deal of uneasiness. It has been failing for a number of years until now we are undergoing practically a water famine, and some way must be devised within the next few months to secure an increased supply of pure water and plenty of it or we will be unable to properly care for the inmates or protect our premises from the ravages of fire.

We have made many costly improvements in our three court houses, many of them made necessary by order of the Court. The Berlin Court House came in for more than ordinary repairs owing to its run-down condition, caused by the building not being used for only a short time each year. There is still much to be done, but it seems to be all right for the present. It is one of the most attractive buildings and one of the best appointed court houses in the State, and should be kept up and made interesting to all who pass that way. We have had many callers during the year, and all have a good word for its improved condition. A thing of beauty is a joy forever! The increased cost of maintenance of the Berlin Court House was brought about by the fact that the Commissioners were obliged to open an active year around office in the building where one never was maintained before.

The Ryan-Scammon Post, No. 36, of the American Legion, was offered accommodations for headquarters in the Berlin Court House last summer and have, since that time, maintained rooms there at no expense to themselves and but very little additional expense to the County. It helped and pleased the boys, and that ought to be reward enough for any of us.

Industrial conditions in Berlin, the worst ever in the history of the city, have made necessary the expenditure of large sums of money for relief of the poor; very little of this burden had to be borne by the city because hardly any of those applying for aid had gained a legal settlement in the city, consequently the city Overseer of the Poor was able to report a very substantial part of the appropriation for charity as unexpended, while the County, on the other hand, was hard hit and overran its appropriation in that particular department. The end is not yet, and we are not looking forward to any relief in the immediate future. Rents are high and scarce, fuel and clothing are cheaper, but still hitting the high places, and food prices will bear many reductions yet. Many people are out of work, and large families are the rule instead of the exception; families of nine, ten and twelve are on our lists; families of eight children are common, and five are about the average. Merchants were obliged, in many instances, to cut out credit or go to the wall themselves; much hardship resulted, and many applications for charity followed. Several times the services of the whole Board of Commissioners were required to investigate cases in Berlin, which was the hardest hit of any place in the County. But for County aid many must have starved; as it is we do not know of a single case of suffering for the want of shelter, food, raiment or warmth. These are a few of the many causes that has made it impossible for us to keep within our appropriation, but when we consider the many millions of dollars that this country has sent abroad to check starvation in foreign lands and in spite of which hundreds of thousands of people have perished, we can not regret the few extra dollars we have expended to prevent starvation within our own borders. Could we have done less, and had we

done less, would we have received your plaudits of "Well done, good and faithful servants?" We have done the best that we knew how, and trust that you will carefully examine our reports and if there is anything that we can make plainer to you it will be a pleasure to do so.

Just a word more about our County Farm and then we have done. Our crops were good this year, bumpers in many instances, which was very fortunate because we have many mouths to feed. Our tillage lands are in a good state of cultivation, our pastures are large and, although very dry last summer, our large stock of cattle were able to nibble off a good living and come to the barn in fairly good condition this fall. Our stock of thoroughbred, registered Holstein cattle is rapidly increasing, and our grade cows are as good as can be found anywhere, at least we think so and so appraised them in our inventory. We are feeding our large family of inmates all of the **whole milk** they want, and the remainder is sold to a nearby creamery, which is about all of the income that we have.

Our farm and institutions are ably managed by our Superintendent, Almon J. Young with his good wife as Matron, and they have been able to successfully carry on the good work so ably started by our former Superintendent. They have a good corps of assistants, and our inmates are a comparatively happy lot. We feel that our institutions are all right and will compare favorably with similar institutions anywhere.

We thank all officials, individuals and organizations who have co-operated with and helped us by either work, advice or criticism.

Sincerely yours,

FRANK D. PAGE,
RICHARD B. EASTMAN,
JOHN H. FINLEY,
Commissioners of Coos County.

Chaplain's Report

West Stewartstown, N. H., Dec. 31, 1921.

To the Board of Coos County Commissioners:

The work at the County Farm and Jail have been very enjoyable features of my past year's Christian service. The hearty welcome and co-operation of those in charge have not only added much to the pleasure but also to the efficiency of the effort put forth. There has been a somewhat marked response, I feel, on the part of the inmates of both institutions, not only in appreciation of the friendship and help offered, but also in increasing personal desire to know Him who "came not to be ministered unto, but to minister, and to give his life a ransom for many."

During the past year I have held thirty-nine services, none being conducted in the jail until after repairs were made because of the December 20 fire. For several months there have been held not only monthly Sunday meetings but also fortnightly Tuesday evening services, three funerals have been conducted and many calls made. Others have come occasionally and have held extra services which have proven very helpful. Rev. W. R. Pierce of Colebrook has thus been welcomed at the farm and jail several times.

Respectfully submitted,

H. H. ALBEE,

Chaplain.

18. State vs. Ernest Lepage. Violation of the Liquor Laws. Second offense. Plea: Guilty. Sentenced to pay a fine of \$200 and costs, and serve nine months in the County Jail.

In addition to the usual routine of criminal work, I have found it necessary to devote a good deal of my time in the enforcement of the liquor laws. During the year there have been imposed upon these offenders jail and house of correction sentences varying from thirty days to nine months in duration, and fines and bail forfeitures aggregating \$6,475 have been imposed upon eighty-six of such respondents. Over \$6,000 in money has actually been paid into the County and town treasuries and this amount far exceeds the expenses incurred in enforcing this law.

In my opinion there will be fewer violations of the liquor laws during the coming year, and with the excellent co-operation which I am receiving from State, County and town officials I hope to materially lessen these offenses.

The long list of cases disposed of during the past year shows that Coos County has not escaped the wave of crime which has swept the country since the World War. With the re-adjustment of industrial conditions and the return of our people to normal and pacific pursuits, I believe that criminal activities will accordingly diminish.

Respectfully submitted,
WARREN W. JAMES,
County Solicitor.

Dated at Berlin, N. H., Feb. 1, 1922.

AN APPEAL

To the Public :

Good reading is greatly appreciated at our County Farm, Jail and House of Correction.

If you have any works of fiction that you can spare from your library we would be glad if you would give them to us for our library.

Cloth bound books are preferred but anything will be gratefully accepted and you will have the blessings of those less fortunate than yourself.

Sincerely yours,

FRANK D. PAGE,
RICHARD B. EASTMAN, { Commissioners
JOHN H. FINLEY, { of
Coos County
